RejuvMedSpa opens beautiful new location with extensive list of high-quality services.

By Tricia McMasters

“In the past ten years, spa services have become more of a lifestyle staple, not just a luxury,” says Wendy Adams, co-owner of RejuvMedSpa in Meridian. Many of her clients agree, and that has allowed the business to relocate to a beautiful new facility at 1631 South Wells Avenue in Meridian, just a block from the old one.

The building is across from Gramercy Pizza and next door to Primary Health, at the corner of Wells Avenue and Overland Road. It includes a hair salon and 11 treatment rooms, along with a manicure/pedicure studio, a make-up studio, and a spray tanning room.

Wendy has owned a spa since 2002. In January of 2005, she and co-owner Stacy Driskill opened RejuvMedSpa. They have more than 30 employees, many with 10-20 years of experience. Clients come from all over the Treasure Valley, as well as outside the area, and Wendy’s goal has always been to make Rejuv a one stop shop for spa-related treatments. The spa has both a male and female clientele, and the hair salon serves men, women and children.

In addition to providing a full line of spa staples such as manicures, pedicures, facials and massages, Wendy and Stacy are also always on the lookout for new treatments that will help their customers. They’ve added two within the last year, CoolSculpting and Ultherapy. CoolSculpting is an FDA-cleared, non-surgical fat reduction treatment that uses controlled cooling to eliminate stubborn fat that won’t go away no matter how much you eat right and exercise. Ultherapy is a treatment that helps eliminate sagging skin under the neck, eyes, and chin. It’s non-invasive, and results can be accomplished in a single treatment.

Rejuv also does permanent make-up, as well as chemical peels, injectable treatments, body wraps, and more. For a full list of services, visit www.rejuv-medspa.com. And if you’re in search of a unique gift, consider a spa package from Rejuv. Whether the occasion is a birthday, Christmas, graduation, or appreciation, it’s the perfect present to show how much you care.

RejuvMedSpa has been a Treasure Valley staple for a long time. Wendy and Stacy are excited about the new facility, and look forward to sharing it with their customers. The spa’s broad range of services will help you look feel your best, so call 884-3800 to make an appointment today!
